Benefits:
Panel widths can go up to twice the width of timber or other alternative shutter products
More open look due to the wider panel widths available
No tilt control bars therefore providing a clear view
Durable powder coat finish – AS 3715-2002
Similar style as the timber shutters
No warping, cracking, peeling or splitting
No 'Ribs' showing through opacity
No extrusion lines
Resistant to natural weathering
Strong robust sections
Stainless Steel fixings
Water-resistant
Fire retardant
Dent resistant
Superior light control
Rain Forest friendly
Low Maintenance

Cleaning:-
Use water and mild soap
Do **not** use any harsh chemicals or abrasives
Do **not** use any ammonia based cleaners
